

Intervals in Clairnote Music Notation

The image displays 12 musical staves, each illustrating a specific interval in Clairnote notation. The intervals are arranged in a 4x3 grid:

- Row 1: 2nds, Minor (1); 4ths, Perfect (5); 6ths, Major (9)
- Row 2: 2nds, Major (2); Tritones (6); 7ths, Minor (10)
- Row 3: 3rds, Minor (3); 5ths, Perfect (7); 7ths, Major (11)
- Row 4: 3rds, Major (4); 6ths, Minor (8); Octaves (12)

Each staff shows a sequence of notes on a five-line staff, with the interval being demonstrated between the first and second notes of each pair. The notes are either solid black circles or hollow circles, and their positions on the staff lines and spaces are consistent within each row, highlighting visual similarities.

The intervals are arranged to highlight similarities in their appearance. Notice how the intervals in each row share certain visual characteristics. For example, the intervals on the bottom row always contain two solid notes or two hollow notes, the notes are always both on a line or both on a space, and the notes are in the same position relative to the nearest staff line (or ledger line).
